

CAMS 2018 Show Wrap Up

Well, another CAMS Spring Classic has wrapped up. Congratulations to Darren Mitchell for winning the Dr Bob McNutt Memorial Award for Best of Show with his figure and Barry Maddin for his winning of the Kenny Martin Memorial Award for "First Among Equals".

As the Leader of this motley crew we call CAMS, I would like to thank all the members of the Capital Area Modellers Society for making the 30th Spring Show our smoothest ever, from Darren Anderson with his so/so jokes, to those who did the judging, took the pictures, sold the tickets or ran the raffles. A stellar job was done by all and let us not forget Robert LePine from Halifax for stepping up to do the Sci-Fi judging.

Kudos go out to Kyle and Venessa for doing another fine job with results tabulation. This year we were almost on time for the presentations and there were no errors - good job!

I'd also like to give a major shout out and thank you to all the modellers who came from far and wide to attend and display some of the most incredible examples anywhere of the hobby of scale modelling.

I would be remiss if I did not thank all the sponsors who donated money and gifts for the show.

Some people say the hobby is on its last legs but if what we have seen at CAMS is any indication, the hobby doesn't need life support yet.

Thank you to all for helping us "Share the Hobby" and hope to see you next year.

The Scribe (aka Bob Kerasiotis)
